

Sponsorship Packet

2026 – 2027

Partner with the largest software-developer community at Arizona State University. Get in front of the students you want to hire.

./ Who we are

Active since 2008, SoDA (the Software Developers Association) is the largest software-developer club at Arizona State University: a community of the most dedicated and talented programming students in the Southwest. We help members collaborate on real projects, learn directly from industry professionals, and launch careers in software. Becoming a sponsor puts your company at the front of that pipeline.

PEAK EVENT ATTENDANCE

./ Who's in the room

Our membership skews heavily technical, exactly the students you're hiring. Academic composition of the SoDA roster:

ACADEMIC LEVEL

■ **69%** Undergraduate

■ **31%** Graduate

PRIMARY COLLEGE

■ **89%** Fulton Schools of Engineering

■ **11%** Other colleges
Spans 10+ ASU colleges.

./ Why sponsor SoDA

Four reasons companies partner with us and come back year after year.

■ Direct exposure

Engage up-and-coming software developers and meet prospective new hires face to face.

■ Recruitment

Reach a pool of students actively seeking internships and full-time roles.

■ Brand recognition

Grow your visibility across the ASU tech community through year-round branding.

■ Engagement

Join events that build students' technical and soft skills, plus your reputation with them.

./ Annual sponsorship tiers

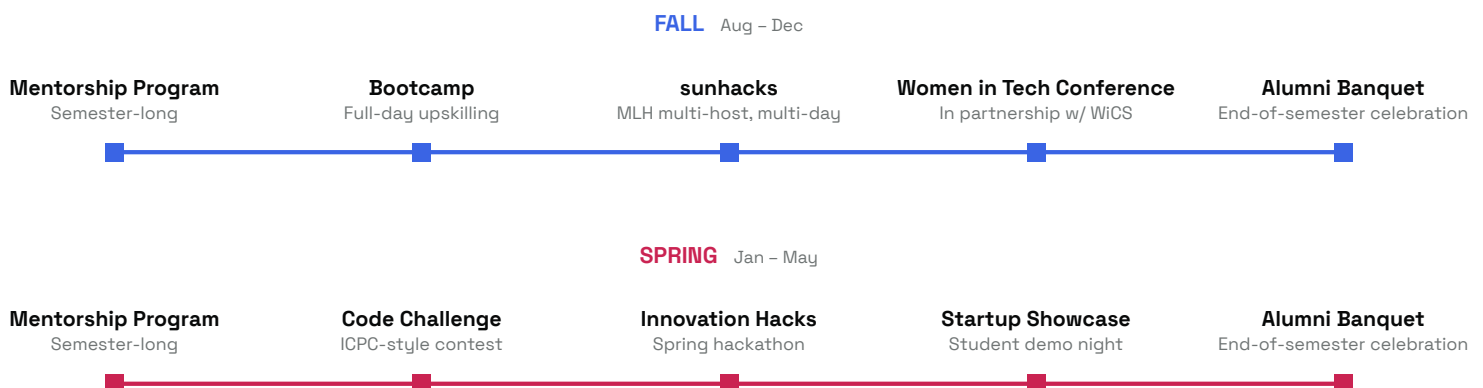

Each tier includes everything in the tier before it. All sponsors are invited to every SoDA Flagship Event (like career fairs, bootcamps, competitive coding competitions, hackathons, and conferences). GBMs (general body meetings) are held every Tuesday, spanning technical workshops, panel discussions, info sessions, and AMAs.

SILVER \$2,500 /yr	GOLD \$3,500 /yr	PLATINUM \$7,000 /yr
The essentials. ■ Present at 2 GBMs per year ■ Booth space at Flagship Events ■ Logo on the annual SoDA t-shirts ■ Shout-out on social media & our newsletter ■ Logo on official event marketing ■ Event résumé drop + a curated résumé book	Everything in Silver, plus: ■ Present at 3 GBMs per year ■ Increased booth space & promotion at Flagship Events ■ Priority pick of meeting dates ■ Personalized event recap packet with photos ■ Promote capstone projects to ASU's capstone office ■ 10% renewal discount	Everything in Gold, plus: ■ Present at 4 GBMs per year ■ Premium booth space & exclusive promotion at Flagship Events ■ Sponsor hackathon tracks ■ Deliver custom challenges for SoDA Code Challenges (annual competitive programming competitions) ■ Host GBMs outside the regular schedule ■ Dedicated social-media posts

Not ready for a full package? Sponsor a single GBM for a flat **\$750**.

./ A year with SoDA

Where your sponsorship shows up all year long, plus around 20 weekly GBMs every Tuesday.

./ Sponsor Perk Highlight: Hackathon tracks

Power a prize track (“Best Use of GCP,” “Best Use of AWS,” or your own company-branded challenge) at a SoDA-affiliated hackathon like **Innovation Hacks**, **Hack SoDA**, or **sunhacks**, with in-kind support. Our core hackathon funding **can’t be spent on prizes**, so a sponsored track is the perfect way to put real rewards in front of hundreds of builders while keeping the event free to attend and run.

You provide (suggested \$500+ in value)

- Cloud or API credits
- Software licenses or subscriptions
- Hardware, dev kits, or gadgets
- Gift cards, physical prizes, or swag

You get

- A named track (e.g. “Best Use of [Your Product]”)
- Branding on track signage, the submission page & the winners’ announcement
- Option to supply the challenge and send a judge
- An on-site booth and mentor access to participants

./ Sponsor Perk Highlight: Women in Tech Conference

Each year SoDA co-hosts the **Women in Tech Conference** with Women in Computer Science (WiCS). It’s a full day of keynotes, alumni panels, résumé and portfolio workshops, and a company networking fair. The most recent conference (October 18, 2025, at ASU’s Memorial Union) drew students from across ASU to connect with industry mentors and recruiters.

Sponsors can support the conference directly by funding catering or shirts, running a workshop, staffing the career fair, or hosting a branded track. Conference and booth opportunities are available on request.

./ What we need from sponsors

To get the most out of your sponsorship and keep your brand looking sharp across our events, please send us:

- **All versions of your logo:** full-color and white, vector (SVG/AI) preferred.
- **Branding guidelines:** acceptable background colors and the right logo for t-shirts, plus a logo that reads on the white website and newsletter.
- **Internship & job descriptions,** so we can tailor workshops to the skills you're hiring for.
- **Track sponsors, also send:** your track name, judging criteria, and prize/credit details.

Let's partner.

Ready to sponsor, or have a question?
Reach out and we'll send an invoice and answer anything. Pay by invoice via PayPal (SoDA is a registered non-profit; W-9 available) or the ASU Foundation.
